The Ultimate
Riding Machine

URBAN MOBILITY

MODERN MOVEMENT
C 600 SPORT

REINTERPRET THE TALK OF THE TOWN.

The city: a world of streets and possibilities. It offers adventures and challenges in equal measure, and is the perfect environment for the first maxi-scooter ever developed by BMW Motorrad – the C 600 Sport. This intelligent mobility solution is an out-and-out BMW Motorrad machine, and its excellent handling and sophisticated drive train ensure a level of performance that will captivate riders and any onlookers.

The striking design is typical of BMW styling, and rounds off a complete package that offers a whole new world of transportation. So get ready, and answer the call of the city.
bmw-motorrad.com/urban-mobility

An aerial photograph of a city with a bridge. In the foreground, a BMW C 600 Sport scooter is shown from a top-down perspective, looking forward. The scooter is blue and black. The background shows a city with tall buildings, a river, and a green field. The scooter is positioned on the bridge, and the city is visible through the bridge's structure.

REDEFINE PERFORMANCE.

You'll realize the C 600 Sport is a genuine BMW as soon as you climb aboard. Its level of performance is nothing short of remarkable, and the maxi-scooter provides a hugely enjoyable ride. The large, variable storage compartment (Flex Case) sets new standards in terms of practicality and functionality, while the adjustable windshield demonstrates that the model is as sports-focused as it is comfortable.

A host of intelligent details underline the sophisticated design behind the maxi-scooter. These include an LED brake and rear light, and an integrated parking brake in the side stand, which is automatically activated as soon as the latter is folded down. And as you would expect from BMW Motorrad, a wide variety of optional extras are also available.

RECONSIDER DIVERSITY.

TOP BOX*
Large-capacity, waterproof top box (35 litres), including lid trims in the colour of the scooter. Features a rear reflector on the lid. Inner bag and backrest pad also available.

CENTRAL TUNNEL BAG*
Fits the maxi-scooter perfectly, and offers a 12-litre capacity, waterproof main compartment, and a detachable shoulder strap. Can be attached and removed from the vehicle quickly and easily.

LUGGAGE GRID*
Luggage grid to attach the top box, or a luggage roll.

ENGINE

Type	Twin-cylinder, four-stroke, liquid-cooled engine, four valves per cylinder
Bore x stroke	79 mm x 66 mm
Capacity	647 cc
Max. output	60 hp (44 kW) at 7,500 rpm
Max. torque	66 Nm at 6,000 rpm
Compression ratio	11.6:1
Fuel/engine management	Electronic fuel injection, BMSE electronic engine management
Emission control	Regulated three-way catalytic converter, compliant with EU4 emission standard

PERFORMANCE/FUEL CONSUMPTION

Max. speed	175 km/h
Acceleration (0-100km/h)	7.1 seconds
Fuel consumption per 100 km at a constant 100 km/h	4.8 litres
Fuel type	Premium unleaded, 95 octane (RON)

ELECTRICS

Alternator	588-W three-phase generator
Battery	12 V/12 Ah, maintenance-free

TRANSMISSION

Clutch	Centrifugal
Gearbox	CVT gearbox
Final drive	Wet chain drive

CHASSIS/BRAKES

Frame	Steel tube construction with die-cast aluminium unit
Suspension, front	Upside-down fork, stanchion diameter 40 mm
Suspension, rear	Single-sided swing arm
Travel, front/rear	115 mm/115 mm
Wheelbase	1,592 mm
Castor	92 mm
Steering head angle	64.6°
Wheels	Cast aluminium
Rim dimensions, front	3.50 x 15"
Rim dimensions, rear	4.50 x 15"
Tyre, front	120/70 ZR 15
Tyre, rear	160/60 ZR 15
Brakes, front	Double disc brakes, diameter 270 mm, double-piston floating calipers
Brake, rear	Single disc brake, diameter 270 mm, double-piston floating caliper
ABS	BMW Motorrad ABS (as standard)

DIMENSIONS/WEIGHT

Unladen weight, fully fuelled/road-ready (1)	249 kg
Max. permitted weight	445 kg
Length	2,155 mm
Height (excluding mirrors)	1,378 mm
Width (including mirrors)	790 (877) mm

Dimensions refer to unladen motorcycles as per DIN standard definition.

(1) As defined in EU directive 93/93/EEC, filled with all operating fluids, fuelled to at least 90% of usable tank capacity.

TECHNICAL DATA

Cosmic Blue Metallic

Sapphire Black Metallic

URBAN JACKET

The Urban jacket keeps riders comfortable in all conditions. Its robust outer material is windproof, waterproof and breathable, and features the C.A.R.E. climate membrane. The removable thermal collar provides warmth, while the NP protectors at the shoulders and elbows are also removable. With a traditional cut, understated reflective material on the sleeves and retrofittable NP back protector, this is a jacket that is guaranteed to turn heads.

URBAN GLOVE

Short glove made of soft goatskin leather for warm-weather riding. The palm is unlined, to ensure a firm grip, and the tip of the index finger is made of suede.

AirFlow 2 HELMET

The AirFlow 2 combines maximum functionality and innovative BMW design, resulting in a truly groundbreaking helmet. Ventilation is excellent around the entire head, while the styling is particularly aerodynamic, with high-quality aluminium elements and carbon reinforcements ensuring excellent levels of safety. The short inner visor maximizes riding enjoyment, and provides a flow of summer wind into the rider's face, for a real sense of freedom. When combined with the BMW Motorrad communication system, the helmet meets a wide range of requirements, and is suitable for use on a wide variety of motorcycles.

CITY BOOT

This lightweight leather half-boot incorporates discreet protective areas, and an anatomically shaped insole. It is ideal for exploring the urban jungle – both on your maxi-scooter and off it.

URBAN SUNGLASSES

Sophisticated sunglasses with metal frame and optimum UV protection (UV 3). Includes hard, sturdy case.

X2 SNEAKER

This ankle-height leather sneaker is made of lightweight, hydrophobic soft cowhide. It is breathable and light, and so is ideal for use in the city. Padding around the ankle and the lightly treaded rubber sole also ensure riders are as safe and comfortable as they are stylish.

VENTING JACKET

The Venting jacket has been designed to handle extreme summer temperatures. A large, air-permeable Cordura mesh provides optimum ventilation. The extremely light SC protectors found at the shoulders and elbows are removable, as is the NP-Air back protector. Features reflective stripes at the front and back.

REDISCOVER INDIVIDUALITY.

The options available for the new C 650 GT are as wide-ranging as the maxi-scooter's benefits. From the tinted windshield* to the top case* and protective cover*, the machine sets new standards when it comes to customization – exactly as you would expect from BMW Motorrad. The C 650 GT provides an unparalleled feeling of freedom and independence, and with the BMW Motorrad Ride and Style Collections, you can communicate this to any passer-by. Combining perfectly with the

maxi-scooter, these jackets, helmets and boots are functional, technically advanced, and as detailed and well-designed as the C 650 GT itself. And with small, but perfectly formed extras from key fobs to scarves, the BMW Motorrad Style Collection ensures the maxi-scooter experience continues long after the rider has dismounted.
