The Ultimate
Riding Machine

URBAN MOBILITY

MODERN MOVEMENT
C 650 GT

REDISCOVER INDEPENDENCE.

Dominate the city, or simply escape it, with the C 650 GT maxi-scooter. Combining power, sophistication and fuel efficiency, the 60-horsepower (44-kilowatt) engine offers all the performance you could possibly need, especially on longer journeys. That's not all there is to love about the C 650 GT, however – its handling is second to none, while it offers a particularly comfortable ride. The maxi-scooter is at its most effective in the urban environment, where it provides a feeling of freedom

and independence that other forms of transport cannot match. From its suspension to its striking design, the C 650 GT is a truly unique machine, and never fails to deliver the performance you would expect.

With the largest storage capacity in its class, and excellent protection against wind and rain, the new C 650 GT leaves the competition in its wake. These features are coupled with impressive performance and a first-rate riding experience that other models cannot offer. The maxi-scooter boasts a host of innovations (such as the optional LED daytime running light – a particularly illuminating safety feature) that are only provided by BMW Motorrad.

Clever details include the parking brake, which is integrated into the side stand, the electrically adjustable windshield, and the central locking system. A comprehensive range of optional equipment completes the line-up, and ensures every taste and requirement is catered for. So why wait any longer?

REDEFINE
STANDARDS.

CENTRAL TUNNEL BAG*
Fits the maxi-scooter perfectly, and offers a 12-litre capacity, waterproof main compartment, and a detachable shoulder strap. Can be attached and removed quickly and easily.

AKRAPOVIČ SPORT SILENCER*
Developed specially for the C 600 Sport and C 650 GT, the lightweight sport silencer is made of titanium and stainless steel. It gives the maxi-scooter a sportier style and a throatier engine note, and features a carbon end-cap.

RECONSIDER DIVERSITY.

INNER BAG FOR TOP BOX*
Stylish and practical. Features a sturdy design, waterproof main compartment, an exterior pocket, and BMW Motorrad lettering, along with a detachable shoulder strap.

Sapphire Black Metallic

ENGINE	
Type	Twin-cylinder, four-stroke, liquid-cooled engine, four valves per cylinder
Bore x stroke	79 mm x 66 mm
Capacity	647 cc
Max. output	60 hp (44 kW) at 7,500 rpm
Max. torque	66 Nm at 6,000 rpm
Compression ratio	11.6:1
Fuel/engine management	Electronic fuel injection, BMSE electronic engine management
Emission control	Regulated three-way catalytic converter, compliant with EU4 emission standard

PERFORMANCE/FUEL CONSUMPTION	
Max. speed	175 km/h
Acceleration (0-100km/h)	7.5 seconds
Fuel consumption per 100 km at a constant 100 km/h	4.8 litres
Fuel type	Premium unleaded, 95 octane (RON)

ELECTRICS	
Alternator	588-W three-phase generator
Battery	12 V/12 Ah, maintenance-free

TRANSMISSION	
Clutch	Centrifugal
Gearbox	CVT gearbox
Final drive	Wet chain drive

CHASSIS/BRAKES	
Frame	Steel tube construction with die-cast aluminium unit
Suspension, front	Upside-down fork, stanchion diameter 40 mm
Suspension, rear	Single-sided swing arm
Travel, front/rear	115 mm/115 mm
Wheelbase	1,591 mm
Castor	92 mm
Steering head angle	64.6°
Wheels	Cast aluminium
Rim dimensions, front	3.50 x 15"
Rim dimensions, rear	4.50 x 15"
Tyre, front	120/70 ZR 15
Tyre, rear	160/60 ZR 15
Brakes, front	Double disc brakes, diameter 270 mm, double-piston floating calipers
Brake, rear	Single disc brake, diameter 270 mm, double-piston floating caliper
ABS	BMW Motorrad ABS

DIMENSIONS/WEIGHT	
Unladen weight, fully fuelled/road-ready (1)	259 kg
Max. permitted weight	445 kg
Length	2,218 mm
Height (excluding mirrors)	1,411 mm
Width (including mirrors)	822 (916) mm

Dimensions refer to unladen motorcycles as per DIN standard definition.

(1) As defined in EU directive 93/93/EEC, filled with all operating fluids, fuelled to at least 90% of usable tank capacity.

TECHNICAL DATA

Platinum Bronze Metallic

Vermilion Red Metallic

* Optional accessories

URBAN JACKET

The Urban jacket keeps riders comfortable in all conditions. Its robust outer material is windproof, waterproof and breathable, and features the C.A.R.E. climate membrane. The removable thermal collar provides warmth, while the NP protectors at the shoulders and elbows are also removable. With a traditional cut, understated reflective material on the sleeves and retrofittable NP back protector, this is a jacket that is guaranteed to turn heads.

URBAN GLOVE

Short glove made of soft goatskin leather for warm-weather riding. The palm is unlined, to ensure a firm grip, and the tip of the index finger is made of suede.

AirFlow 2 HELMET

The AirFlow 2 combines maximum functionality and innovative BMW design, resulting in a truly groundbreaking helmet. Ventilation is excellent around the entire head, while the styling is particularly aerodynamic, with high-quality aluminium elements and carbon reinforcements ensuring excellent levels of safety. The short inner visor maximizes riding enjoyment, and provides a flow of summer wind into the rider's face, for a real sense of freedom. When combined with the BMW Motorrad communication system, the helmet meets a wide range of requirements, and is suitable for use on a wide variety of motorcycles.

CITY BOOT

This lightweight leather half-boot incorporates discreet protective areas, and an anatomically shaped insole. It is ideal for exploring the urban jungle – both on your maxi-scooter and off it.

VENTING JACKET

The Venting jacket has been designed to handle extreme summer temperatures. A large, air-permeable Cordura mesh provides optimum ventilation. The extremely light SC protectors found at the shoulders and elbows are removable, as is the NP-Air back protector. Features reflective stripes at the front and back.

URBAN SUNGLASSES

Sophisticated sunglasses with metal frame and optimum UV protection (UV 3). Includes hard, sturdy case.

X2 SNEAKER

This ankle-height leather sneaker is made of lightweight, hydrophobic soft cowhide. It is breathable and light, and so is ideal for use in the city. Padding around the ankle and the lightly treaded rubber sole also ensure riders are as safe and comfortable as they are stylish.

REDISCOVER INDIVIDUALITY.

The options available for the new C 650 GT are as wide-ranging as the maxi-scooter's benefits. From the tinted windshield* to the top case* and protective cover*, the machine sets new standards when it comes to customization – exactly as you would expect from BMW Motorrad. The C 650 GT provides an unparalleled feeling of freedom and independence, and with the BMW Motorrad Ride and Style Collections, you can communicate this to any passer-by. Combining perfectly with the

maxi-scooter, these jackets, helmets and boots are functional, technically advanced, and as detailed and well-designed as the C 650 GT itself. And with small, but perfectly formed extras from key fobs to scarves, the BMW Motorrad Style Collection ensures the maxi-scooter experience continues long after the rider has dismounted.
